Dear Students,

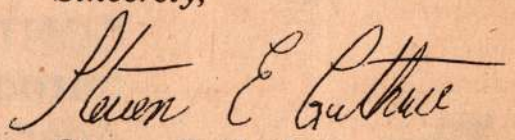

I am pleased to present to you the fifth consecutive edition of the University of Toledo Student Directory, a Student Government service. The directory is designed to be used daily and to serve as a reference guide to the University and its area businesses.

The Student Directory is distributed to the entire student body and is funded entirely through advertising revenue. I am especially grateful to those corporations and businesses in the greater Toledo area that have made this publication possible. I encourage you, the reader, to take advantage of the coupon, tab, and yellow page sections. Many buinesses in the Student Directory offer discounts to students. This is something you won't find in the "other yellow pages!"

I would like to especially thank the Student Union Board for providing graphic support over the past year. Without their help, this publication would be almost impossible to put together.

I hope that you will find this publication both convenient and useful. If you have any comments or suggestions, please call or stop by the Student Government Office, Student Union 3512.

Sincerely,

Steven E. Guthrie
Director, Student Directory

IF YOU'VE GOT THE PHONE, WE'VE GOT THE SERVICE.

Ohio Bell's variety of local service options is designed to meet your needs, whatever they are.

Preferred Student Plan
The Preferred Student Plan offers a private line with unlimited local calling. It also includes Call Waiting and Touch-Tone capability. Other Custom Calling services are available at a discount.

Message Service
This option allows you to make 30 outgoing local calls per month. Each additional call costs eight cents.

Measured Service
Every local call you make is charged based on the amount of time you talk and the distance of the call.

Ohio Bell
AN AMERITECH COMPANY

Avoid Surprise Service Call Charges
A special new service called **Line-Backer** assures telephone **line** repairs without a service call charge.

Line-Backer Plus does the same–PLUS loans you a phone for 60 days while you're having your phone repaired.

Check with your Customer Service Representative for availability of Custom Calling Services in your area. Call **245-5656** Monday through Friday between 9:00 a.m. and 5:00 p.m.

Call Waiting
Don't miss the date of a lifetime because your roommate is on the phone! Call Waiting lets you answer a second call while the first is kept on hold. It's almost like having a second line, but at a fraction of the cost.

Three-Way Calling
Planning a party? Organizing your study group? Instead of making several separate calls, you can talk to two people at once and save time.

Call Forwarding
Reluctant to go out because you're waiting for an important phone call? Call Forwarding lets you transfer your calls to a phone where you can be reached.

Speed Calling
If you dial the same numbers, time after time, Speed Calling is for you. Speed Calling remembers your parents' and friends' numbers for you. You just dial a couple of digits and the phone does the rest.

Touch-Tone Service
Our best line and the fast, convenient way to call. Just tap the buttons for the number you want—no waiting to dial.
